

UCSB is an internationally renowned center for teaching and research. The breathtaking campus is located 100 miles north of Los Angeles, on a peninsula bordered by the Pacific Ocean and the Channel Islands to the south, and the Santa Ynez Mountains to the north. Where the mountains meet the sea is a perfect location for a summer of learning and exploration.

UC Santa Barbara

UCSB is home to over 20,000 undergraduate and 3,000 graduate students. The ocean front campus has a stunning physical environment and world-class research facilities, creating a unique learning environment for students. UCSB offers a wide array of undergraduate majors and graduate programs through three colleges: Letters and Science, Engineering, and Creative Studies. U.S. News and World Report ranked UCSB number 8 in its annual listing of Top Public National Universities.

Living and Learning Together

Summer Discovery students live together in one residence hall. This enables students and staff to develop a close-knit community which provides immeasurable social, educational, and safety benefits.

Santa Cruz Residence Hall

Live in a UCSB residence hall overlooking the beautiful Pacific Ocean. Rooms are doubles with study desks, bookcases, drawers, closets, and high-speed internet.

Food For Thought

Students eat in the De La Guerra Dining Commons. They receive 3 meals a day (1-2 meals a day on weekends) while on campus. Included are low-fat and vegetarian selections, hot breakfast, salad bar, pizza oven, fresh fruit, unlimited beverages, and desserts.

Health and Safety is Our Primary Concern

We are committed to the support and supervision of Summer Discovery students. Daily sign-ins and room checks are used for your safety. Students are free to walk around campus, Isla Vista (IV), and Downtown Santa Barbara (our 'home areas') in small groups.

Summer Discovery staff make all medical appointments, accompany students to medical facilities, obtain prescription medications, and notify parents after medical visits. Appointments are made with Student Health Services or the Goleta Valley Cottage Hospital.

Transportation

We provide escorted transfers from/to Santa Barbara Airport (SBA) ONLY for \$40 each way. Staff meet incoming flights in baggage claim and assist with all departures.

Classrooms and athletic facilities are a short walk from our residence hall. Downtown Santa Barbara is just a short drive away, and buses and Summer Discovery shuttles provide transportation. Passenger vans are used for field trips, small excursions, and medical transport. Chartered buses are used for large group excursions.

UC SANTA BARBARA ACTIVITIES & TRIPS

Students choose from numerous extracurricular and evening activities, trips, and excursions. (RMP and 4 week students participate in many but not all activities.) All are included in tuition unless noted.

Activities On & Off Campus

BEACHES Miles of Pacific Ocean beaches just next door.
